## CHOLERA CURE

FOR HOGS AND POULTRY.

Farmers, you need no longer fear to raise and feed Hogs. We not only claim to cure Cholera, but we guarantee to prevent any such disease from breaking out among your Hogs or Poultry, if our remedy is used as directed. It is also fine for Brood Sows before farrowing, being a good blood medicine, which places them in a healthy condition. You cannot afford to be without this remedy if you expect to raise and feed Hogs, as you will more than make the price of the medicine in the extra gain in your hogs, and then you can rest assured they will have no disease. If they do we will refund the money. Write for testimonials.

ROLLA K. HART, of Fleming county, leads in instructed delegations to the Democratic convention to be held at Mt. Sterling next Monday to select a candidate for Railroad Commissioner from the Third district.

Out of the thirty-eight counties which pay more revenue into the State treasury than they take out, all but five are Democratic. Most of the pauper counties, or those who take more from the State treasury than they pay in are Republican.

KENTUCKY is one of the four States of the Union that is out of debt. Better than this, when the present year ends there will be more than a million and a half dollars in the treasury. Compare this with the big debt and comparatively empty treasury left by the Republican administration.

THE Democratic Hand Book, which has just been issued, is well worth a careful perusal, as it sets forth many facts that the voter should know, and will aid the citizens immeasurably in prosecuting the fight for home rule, for law and order and against assassination and military domination. Democratic clubs should be organized in every precinct in the county and work for the good of the people at large.
